# Polar Bears

Polar Bears depend on the sea ice to hunt. Their sea ice is melting fast because of the planet's high temperatures. The less sea ice there is, the less polar bear habitat.

# Polar Bears

Do you want to help save the Polar Bear's habitat? Keep going to find out how YOU can help the Polar Bear.

You can save the Polar Bear's habitat by helping to reduce CO2 and greenhouse gases that cause global warming. Here are a few things you can do...

- RECYCLE as much as you can
- Turn off the lights
- Use reusable bags
- Walk or use your bike
- Plant a tree
- Watch less TV
- Turn off your computer
- Make a compost
- Turn your thermostat down
- Conserve
- Tell your friends
